

When You Walk with the Lord

I have a friend whenever I need one
Jesus is my best friend
I started living the day that I found him
I'll never be lonely again

(chorus)

When you walk with the Lord
The sky the is bluer
Grass is greener the sun feels warmer
When you walk with the Lord the stars shine brighter
When you walk with the Lord

He is the light when I feel darkness
He picks me up when I fall
He brings me comfort when I feel sadness
Holding my hand through it all
(chorus)

My life is full with God by my side
His love makes me feel whole
He is my Savior he is forgiving
I am at peace in my soul
(chorus)
